

Parking options when visiting Health Medicine Center

➔ 1555 Riviera Diamond Parking Garage

This garage offers hourly parking in selected stalls on the ground floor. The parking garage entry is on the left side of the street about 100 yards coming from Parkside. This garage is closest to our office (about 50 yards). There is no ticket dispensing box or barrier arm when you enter, just park in stalls 1 to 25 (hourly parking). You can prepay for your parking spot with your credit card at the payment kiosk that is located on your right exiting the garage. You will have to input your license plate number to start the payment process and then follow the display prompts:

1hr = \$2, 2hrs = \$4, 3hrs = \$6, 4hrs = \$8 (Garage is open from 7 AM to 6 PM)

➔ One Walnut Creek Center Parking Garage

Coming from Parkside and driving on Riviera Ave towards Pringle the public parking garage will be on your left. Enter Short Street and take an immediate right down into the garage as indicated by the white arrows. (Additional entrances are on 100 Pringle Avenue and further down on Riviera Ave)

Parking Rates:

\$1.00 each 20 min
\$15.00 Max up to 12 hours
Lost ticket = \$15.00
(No attendant after 6 PM, closed weekends and holidays)

We do have 1 regular and 1 handicap parking spot right next to our office building between fence and house. The parking in the back of our building is **ONLY** for tenants and HMC employees. Please do not drive back there because turning around in the back area or backing out of the driveway is very difficult.

There are 10 hour maximum parking meters on the street, but due to the ongoing construction on our street, the amount of meters has been reduced and they are sometimes used for construction vehicles.

Other parking is underneath the bridge/overpass on Parkside and in the parking lot of Jack In The Box, see image below.
